CONTENT PROJECTS

Colors in UMKC

Short-Form Content Project
2026

University of Missouri–Kansas City

- Created a short-form video showcasing UMKC’s campus diversity and everyday atmosphere from an international student perspective.
- Led concept development, filming, editing, and caption/copy development, using color as a visual storytelling device for current and prospective students.

Korean Games You Should Try

Event Content Project
2026

University of Missouri–Kansas City

- Created short-form content introducing Korean traditional games while building awareness of the KC Arirang cultural event.
- Developed the concept, filmed, edited, and created copy for a fast-paced video designed to spark curiosity and student participation.
